Mr. Cox:

The Categorical Exclusion (CX) for the sale of the gypsum stockpile in exchange for reclamation of the old mine site has been signed. You may proceed under the stipulations of the CX. I have attached the document for your review. We will need to get together on site to finalize the reclamation requirements. It may be a good idea to include Leslie Heppler from UDOGM in the site meeting. The last page of the CX has the stipulations summarized. I will also have our vegetation specialist put together a seed mixture for the site.
